Emma & Leo

The 7 house rules

Stick it on the fridge. Everyone follows them, grown-ups included.

1. You try first, then ask the AI.
2. AI can be wrong: always check.
3. Our family has a password.
4. Don't write anything to an AI you wouldn't put on a poster at school.
5. Curiosity, not secret checks.
6. No chatting with AI at night.
7. The rules apply to parents too.
